ORDERED SOUTH

Friends Keep Stories of His Baker's Act Taken as Answer to Senator Lodge's Charge of Favoring North.

Approximately 2,000 troops are in a reference to his supposed death had cluded in the order to the Tennessee National Guard. There will be two regi ments of infantry, one troop of cavalry one field hospital and one ambulance corps. No one in army circles pretends that the military situation on the border is the real consideration which prompted the order. It is against the recommenda tion of Gen. Funston, and the General Staff discisims all responsibility.

Secretary Baker acted after consulta tion with the President's advisers, who believe it important to offset the made so effective by Senator Lodge, is understood that other regiments the solid South may now go to the bo-der, while effort will be made to retutroops to the Northern States.

see Political Scheme.

In army circles the order is regarded In army circles the order is regarded as fitting in with the President's general plan to use the whole Mexican situation for political gain in some spectacular manner at a selected time before the campaign closes. How well this plan can be worked out remains to be seen, it is explained, but it is believed the general outline has already been decided upon.

upon.
The President's political managers are commission can be made to reach some sort of an agreement in October and the National Guard ordered home with a Democratic flare of trumpets. The ob-ject would be to advertise the definite accomplishment of "peaceful peace" in Mexico. Every effort is being devoted to these this accomplishment of superferences. Mexico.
